West Basin – Providing a safe and reliable supply of high-quality water to the communities we serve.

West Basin Municipal Water District is constructing a new recycled water pipeline that will expand recycled water use in the City of Torrance and bring the first drop of recycled water to the Palos Verdes Peninsula.

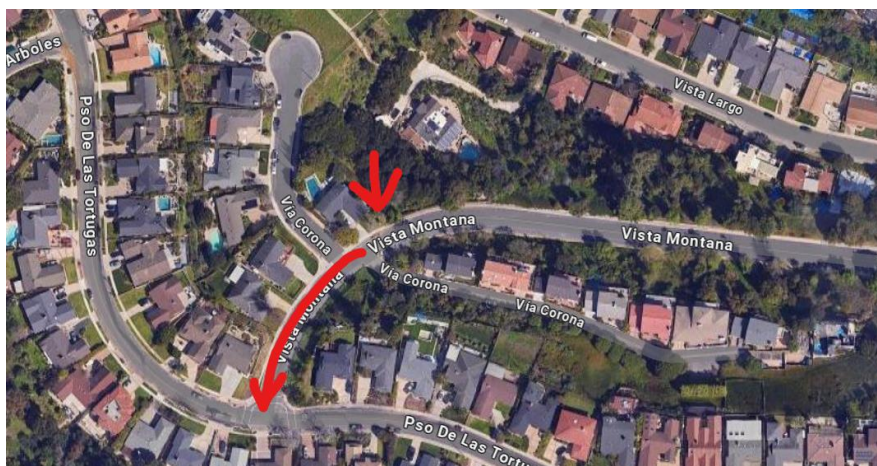

What to Expect

Project activities include excavation, open trench construction, backfill work, paving, deliveries of materials and use of construction equipment.

Vista Montana will be closed between Via Corona and Paseo De Las Tortugas during construction work hours.

- Via Corona at Vista Montana will be closed daily during construction work hours; no vehicular access to or from Via Corona during work hours
- Residents on Via Corona who wish to utilize their vehicles during construction work hours must move their vehicles outside of Via Corona before construction begins each day
- Paseo De Las Tortugas will remain open during construction work hours with a minimum of one lane of through-traffic at all times
- Some noise, dust and vibration during work activities
- No disruption to utility, trash, mail and delivery services
- Mitigation plans are in place to ensure access for emergency services as needed

Location
